DEAR _____,

I was a passenger on the ~~adventure~~ "yes
dear" this has been the best week of
my life and my favorite vacation
EVER!!

yes dear

We travels to alot of fun islands
and dock there for the night. When you
get to your destination, the captain (Ian)
will have some ^{awesome} fun plans for you to do
on the island, such as, waterskiing, wakeboarding,
tubing, snorkeling, hiking and much, much
more!! And if you ~~even~~ wanted to ~~you~~
do a different activity, then just ask for
Ian's permission and I am almost positive
he would find a proper time for that
activity. Ian and Jodi ~~prepare~~ supply
you with snorkling equipment and other
necessities you would want on your trip
instead of having to bring a huge
luggage full of your equipment.

And you don't need to worry
about food!! Jodi the Captain's ? is
the personal chef for the week and she
prepares healthy, appetizing food in
the morning (breakfast), afternoon (lunch),
and dinner. And don't worry, if you get
hungry before or after eating hours,
Jodi would gladly make you something.

or, there is a snack station with
~~of~~ fruits and chips etc.

~~to~~ ~~you~~ ~~will~~ ~~if~~ ^{sleeping} next is the ~~seating~~
arrangements. There are 6 cabins (one
for Jan and Jodi) that include a bathroom
and a shower. There is also plenty of room
to store your belongings and toiletries.
They also have a fan, air conditioning
and a TV to play movies on (they have
a case of movies that you can watch).

Jodi will make your bed and place
some more towels on your bed for
your next shower.

This has been my favorite
trip ever and I bet soon, it will
be yours!
